OMRI Listed
The following product may be used in certified organic production or food processing and handling in accordance with the Canadian Organic Standards.

Product review is conducted according to the policies in the current OMRI Policy Manual® and based on the standards in the applicable OMRI Standards Manual®. To verify the current status of this or any OMRI Listed product, view the most current version of the OMRI Canada Products List® at OMRI.org. OMRI listing is not equivalent to organic certification and is not a product endorsement. It cannot be construed as such. Final decisions on the acceptability of a product for use in a certified organic system are the responsibility of a CFIA accredited Certification Body. It is the operator’s responsibility to properly use the product, including following any restrictions.
